1. The following letter pertaining to the above references has been received from []

"Thank you for the verbatim copy of the message sent to me in your letter (DIR 30185) of 3rd December 1952.

"In your previous letter (DIR 29633) you mentioned that the message in question had been (received from our agent in the Riga area'. It is not clear to us whether this message was in fact sent by one of the Latvian agent team infiltrated by you end August/beginning September, or by some other agent in the Riga area with whom (KUBARK) is in touch.

"We should be grateful if (KUBARK) would inform us whether their Latvian agent team, infiltrated end August/beginning September, reached its safe houses successfully and if (KUBARK) have received W/T signals from the agents to this effect. In seeking this information, I should perhaps remind you that we have made a point of informing (KUBARK) when we have received our first W/T signals from our infiltrated agents to the effect that they have reached their safe houses (my letter of 28 October 1952 ([] 5433) was the last example). All we have heard so far from (KUBARK) about their last Latvian operation is that the team was successfully despatched."

2. Response to [] letter is requested.
